

CMJ
UNIVERSITY

Established by the Government of Meghalaya
u/s Section 2(f) of UGC Act 1956

**to turn your career options into
great career options**

Message from Vice Chancellor

Dr. S.N. Goswami
Vice Chancellor
CMJ University

Education is an important driver of growth for any country. However, for our country it is of much more relevance if we are to capitalise on favourable demography. Dividends of the education process will be fully realised only if we can create gainful knowledge for the working-age population. With this aim, CMJ University is established.

The University is built on a foundation to promote greater access to quality higher education, cutting-edge research and contribution to the society. The University's challenge is to help generate ideas that will benefit the society and to educate and train people to work in fields where they will be valued for their specialized knowledge, ability to research, communication and problem solving skills. To meet these challenges we need to build on the alliances and collaborative partnership. CMJ University is on its way to establish close ties with businesses, Government and other research institutions.

As we look to the future, one thing is certain – knowledge will be a key and highly sought after resource within India and around the world. The University is planning to make itself an unique institute in the country by introducing innovative courses by which students will be able to keep a different identity to pace themselves as pioneers in the World of Education. A centralised Placement Cell will be created in the University to take care of pre-placement training and placement needs of graduate and post-graduate students.

It is a matter of pride and immense pleasure that destiny has given me the opportunity to join CMJ University. I take this opportunity to welcome new students for choosing this University for their higher education in various programmes.

“We owe a lot to the Indians, who taught us how to count, without which no worthwhile scientific discovery could have been made!”

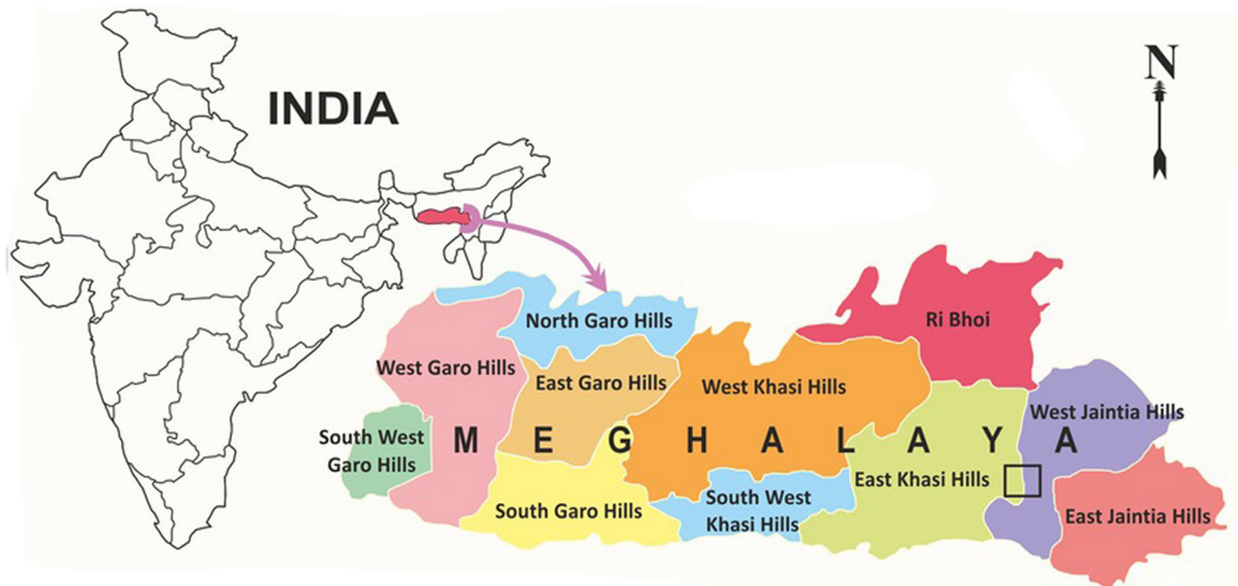

Meghalaya

Meghalaya, located in the northeastern part of India, is bounded by the state of Assam to the north & northeast and by Bangladesh to the south & southwest. The state capital is the hill town of Shillong, located in east-central.

Meghalaya— made up of the words, *alaya* (abode) and *megha* (of the clouds), occupies a mountainous plateau of great scenic beauty. It became a state in 1972. It has an area of 8,660 square miles (22,429 square km) and population of 2,964,007 (2011).

Meghalaya is an upland area formed by a detached block of the Deccan plateau. Its summits vary in elevation from 4,000 to 6,000 feet (1,220 to 1,830 meters). The Garo Hills in the west rise abruptly from the Brahmaputra river valley to about 1,000 feet (300 meters) and then merge with the Khasi Hills and Jaintia Hills, adjacent highland systems that form a single massif of tablelands separated by a series of eastward-trending ridges. The southern faces of the plateau, overlooking the Bangladesh lowlands, is particularly steep. Many rivers and streams flow out of the plateau, creating deep, narrow, steep-sided

valleys; the most important is the Uiam-Barapani, which is the major source of hydroelectric power for the states of Assam and Meghalaya.

The climate of Meghalaya is generally mild. In August the mean temperature at Shillong (in the Khasi Hills) is in the low 70s F (about 21–23 °C); it falls to the upper 40s F (about 8–10 °C) in January.

One of the world's wettest regions is found in Meghalaya - Cherrapunji, which has an average annual precipitation of about 450 inches (11,430 mm) during monsoon season (from May to September). Rainfall at Cherrapunji may be exceeded, however, by that at Mawsynram, a village directly west of Cherrapunji, where rainfall totaling to some 700 inches (17,800 mm) per year have been recorded. Annual rainfall in Shillong, only about 50 miles (80 km) from Cherrapunji, is about 90 inches (2,290 mm). During the winter months (December to February), the climate is relatively dry.

Meghalaya is blanketed in lush forests where pines, sals and bamboo are plentiful. Other species include oak, birch, beech, and magnolia. Elephants, tigers, leopards, deer, wild pigs, gaurs (wild bison), mithan (or gayals, the domesticated form of the gaur), wolves, anteaters, monkeys, apes, squirrels, snakes, hares, and sambar deer are all found in the state. Birds in Meghalaya include peacocks, partridges, pigeons, hornbills, jungle fowls, mynas, and parrots.

Most of the inhabitants of Meghalaya are Tibeto-Burman (Garos) or Mon-Khmer (Khasis) in origin and their languages and dialects belong to these groups. The Khasis are the only people in India who speak a Mon-Khmer language. Khasi and Garo along with Jaintia and English are the state's official languages. Other languages spoken in the state include Pnar-Synteng, Nepali, and Hajjong as well as Bengali, Assamese, and Hindi.

Christianity, Hinduism, and animistic forms of Hinduism are the major religions in the area. There are also a small minority of Muslims and even smaller groups of Buddhists and Sikhs.

The population is predominantly rural, and few towns exist in the state. Shillong is the largest town. Other urban centres, listed in descending order of population, include Tura, Mawlai, Nongthymmai, and Jowai.

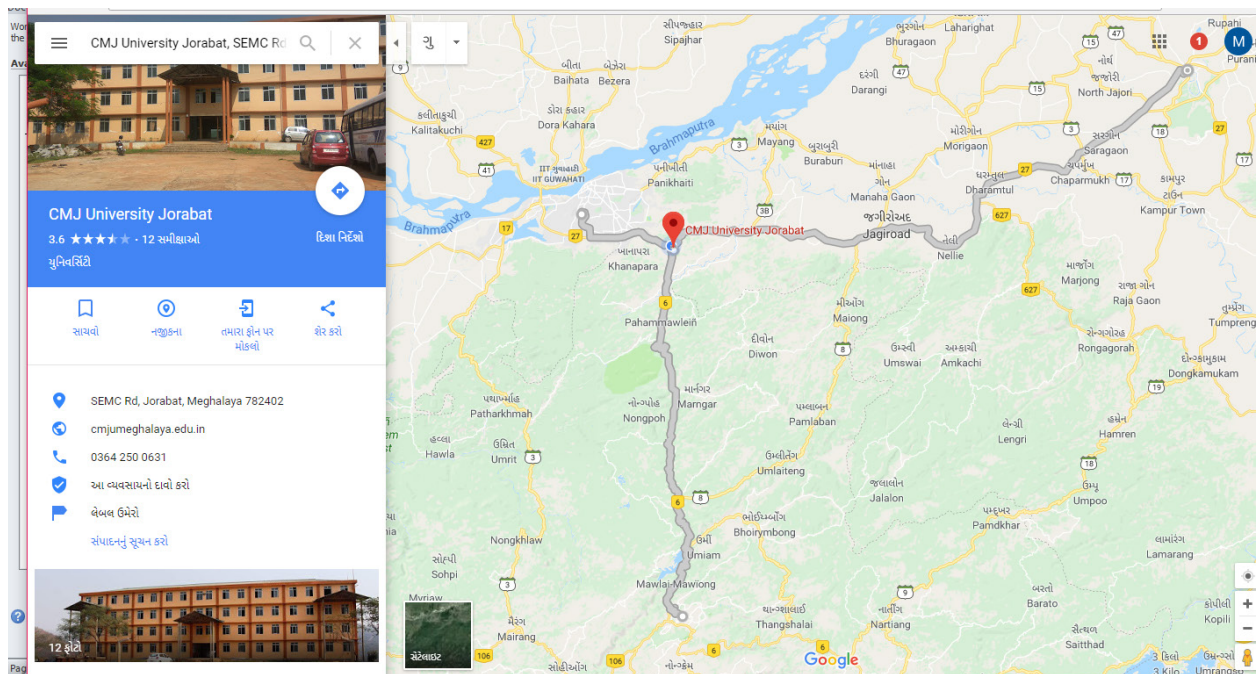

Approach

One of the unique characteristics of undergraduate education is to allow students the flexibility to design their degrees based on their career objectives and needs.

A student desirous for a job in international marketing may opt for courses from Economics, Business & Commerce and Foreign Languages. Another might focus on Telecommunications and Sociology to enter the world of Media.

Research & teaching are directly linked: CMJ University actively ensures that teaching, and particularly undergraduate teaching, is not removed from contemporary research. The research agenda of the University includes establishment of cross-disciplinary centers of excellence for creating knowledge in new areas, provide resources and facilities to support research at par with the best universities around the world and develop mechanisms to involve students in research as an integral part of their learning.

CMJ University faculty members are consistently encouraged to advance knowledge in their field(s) of expertise. The University also promotes agenda-based research for enhancement of public services and governance. In addition, the University will forge links with the best research centers around the world and promote industry partnerships to facilitate ideas and innovation. Through emphasis on research and teaching, the University will train the next generation of faculty and revive a culture of scholarship of higher education in India.

Admission

CMJ University follows a transparent mechanism for its admission procedure. It administers its own entrance test for professional courses. Group discussions and personal interview are taken for admitting students in MBA, M.Phil, B.Tech and M.Tech courses. Each course has its own eligibility conditions which are stated in the prospectus.

If you need help in choosing a programme or any other information about one of our courses, you can contact our office in Shillong.

CORE VALUES

- Global Outlook, Regional Focus
- Commitment to Equity and Social Justice
- Conservation of Natural Resources and Cultural Heritage
- Humanism and Holistic View

VISION

CMJ University shall strive to become an International Centre of Excellence in teaching and research to provide high quality value- based education through various modes to meet global challenges.

MISSION

- Foster creativity in teaching, learning and research to build a knowledge base and promote quality initiative.
- Provide access to education to all.
- Develop human resources to meet societal needs.

Introduction to CMJ University

CMJ University was established in the year 2009 by an Act of Meghalaya State Legislature under the CMJ University Act, 2009 (Act 4 of 2009) vide Notification No. LL(B)42/09/80 dated 20th July, 2009. The CMJ University is notified by UGC (Ministry of HRD, Government of India), New Delhi as state private University under section 2(f) and empowered to award Diploma, Bachelor, Master and Doctorate degrees as specified by the UGC under section 22 of UGC Act 1956, as per Notification F.No. 8-21/2010 (CPP-1/PU) dated 25th November, 2010.

As per Hon'ble Supreme Court's judgment, University do not require prior approval of AICTE for starting Technical and Management courses. As CMJ University is a bonafide university established by State Act, it doesn't require AICTE approval. As per the circular of Government of India, vide No. F. 18-27/70-T.2 dated 20th November 1970, all degrees awarded by the Universities in India incorporated by an Act of Central or State Legislature are automatically recognized by Government of India for the purpose of employment. As CMJ University is a bonafide university established by a State Act, its degree is recognized for Government jobs in all over India.

COURSES

Faculty of Science

Faculty of Computer and System Sciences is governed by CMJ University and offers degree, diploma and certificate programs in seven different majors. Faculty of Computer and System Sciences is dedicated to provide the highest standard of education to its students and its main focus is to maintain a commitment to computer science education while remaining on the cutting edge of real world technology trends through a diverse and changing curriculum.

Faculty of Commerce & Management

Faculty of Commerce and Business Education is set-up by CMJ University as a pioneer institution in the field of Commerce and Business studies. Its pedigree and stature as an institution of academic excellence trace back to a time of immense historical significance, to a period of revolutionary changes and development in the field of education and learning as part of wider social reform.

In order to meet the growing demand for management education, the CMJ University established a Faculty of Management Studies to impart quality education in a stimulating and innovative environment where students are empowered with knowledge and professional skills while upholding the values of integrity, tolerance and mutual respect. It has consistently prepared and trained students to manage, build and lead enterprises in a dynamic global economy, fueled by technology, information and constant change. It provides management education to both fresh graduate seeking world class management education and also to those who are already employed and want to enhance their management skills. There is also strong focus on research and the Faculty encourages teachers and students to undertake consultancy project with corporate entities

Faculty of Library and Information Science

Faculty of Library and Information Science provides courses designed to suit requirements of both the higher and lower orders of librarianship. Faculty of Library and Information Science has steadily grown from strength to strength in terms of educators and teaching programs. Today, the Faculty has made a strong presence in the profession through its innovative teaching programs and sponsored research projects. The courses offered reflect the changing dimensions of the field. The curricula reflects commitment to change, innovation and adaptation. Courses are geared towards imparting knowledge and skill set requisite for the emerging information society and preparing the next generation of information professionals.

Sl. No.	Course	Duration	Eligibility

2.	Master in Library Information Sciences (M.Lib.)	1 year	B.Lib.

Faculty of Applied Sciences

Faculty of Basic and Applied Sciences is one of the indispensable Faculties of the CMJ University. It imparts excellent quality education in the area of Applied Sciences i.e. Physics, Chemistry, Mathematics, Bio-technology, Microbiology, Nanotechnology, Bio-information and Geo Sciences for future technocrats. The Faculty of Basic and Applied Sciences aims to provide strong foundation in the Applied Sciences, striving to instill scientific temper and the spirit of inquiry in students. It encourages students to understand and apply the physical laws to the development of their field of study.

Faculty of Law

University Law College was established with a view to cater to the requirements of the legal profession, law teaching & research and judiciary. It is expected that the students who study in this college will eventually become legal practitioner, engage in legal research or enter the judiciary in due course. CMJ University started the University Law College with the cherished ambition of imparting legal education which is a very important step towards spreading legal awareness and empowering the helpless in the society. The challenge for the University Law College is to stay ahead, especially in the context of globalization. The University Law College has a social responsibility to be a center of excellence in the field of legal education. Globalization has thrown up new challenges and professional legal education has to cater to the growing demands for skilled professionals who can effectively function in the emerging legal order.

Faculty of Technology

The versatile manifestations of engineering technology had a profound and lasting impact on our civilization. From the grandeur of the pyramids, journey to space to recent information revolution, engineering continues to fascinate and enthrall. Faculty of Technology was established by CMJ University to meet the growing technical manpower needs of the country. It is a constitute college of CMJ University. The Faculty of Technology believes in kindling the spirit of this unique and creative discipline in every student who enters its portals, preparing them for a world in which their contribution truly stands apart. The Faculty has adopted Outcome Based Education framework to align the curriculum to the needs of industry and society. Innovative pedagogical practices in the teaching-learning process form the academic ecosystem of the institution.

Faculty of Architecture

Faculty of Design and Architecture offers innovative and flexible programs that combines architecture, fine arts and design with professional education. In our Faculty, we teach and practice architecture and designing as creative and powerful forces with the potential to improve the world. We prepare our students to address complex problems of the 21st century through the applications of Architecture Art and the Science of Design. Providing rigorous theoretical training and practical experience, we encourage imagination, technical creativity, critical thinking, essence of history and development of social, ethical and artistic perspective. We advocate for the rights of all communities and individuals to participate in the planning of their future. We prepare our graduates for their role as world citizens in a diverse yet inclusive society.

Faculty of Pharmacy

In the present era of globalization and liberalization, a large number of changes are being witnessed in the Indian pharmaceutical industry, pharmaceutical education and in the practice of pharmacy. CMJ University has setup the Faculty of Pharmacy to educate and train students in pharmaceutical sciences and take head-on the challenges of this changing field. We train our students to not only learn but contribute towards improving health of the society through educational and research programmes. In today's highly competitive environment, the Faculty is capitalizing on its strength in areas such as academic innovation, comprehensive training and flexible education delivery system.

Sl. No.	Course	Duration	Eligibility
1.	Diploma in Pharmacy	2 years	10+2 with Biology
2.	B. Pharmacy *	4 years	10+2 with Biology
3.	M. Pharmacy	2 years	B. Pharmacy
4.	M.Phil.	1 year	M. Pharmacy or any relevant Degree
5.	Ph.D.	3 years	M. Pharmacy or any relevant Degree AS PER UGC NORMS

Faculty of Agriculture Science/Forestry

The Faculty of Agriculture Science and Forestry has been established with the aim to provide modern learning and technological process in the field of agriculture and forest development. India's population is primarily agrarian. With huge requirement of modern technology in its agri sector, the Faculty will provide world class education in modern farming techniques giving priority to organic farming.

With verdant hills and valleys, Meghalaya is the perfect location to further study of forestry, leveraging its rich resources and ample scope of implementing techniques learned in the curriculum. The Faculty prepares students with learning derived from experience and aims to produce individuals not only learned in modern forestry techniques but also imbibed with a love for nature and the environment.

Sl. No.	Course	Duration	Eligibility
1.	Bachelor	4 years	10+2

Faculty of Research & Development Center

Research and Development Centre (RDC) is being established to explore cutting edge high-tech research in the frontier areas of science, engineering and management. The Research and Development Centre has been created as a center of excellence and will play an important role in enhancing research methodology. The center will be equipped with state-of-the-art facilities and work in collaboration with various institutions of repute both at the national and international level.

CMJ University will offer a quality research training experience for its students. The University shall maintain its relevance to world-class research by linking with businesses and industry through local and international research networks.

The mission of the Research and Development Center (RDC) at the CMJ University is to advance the science of learning by bringing together researchers in cognitive, social and educational sciences.

Sl.No	Course	Eligibility	Duration
1	M.Tech by Research (All Streams)	B.Tech	2 Years regular/3 Years Part Time
2	M. Phil (All Subjects)	Post Graduate	As per UGC norms
3	Ph.D (All Subjects)	As per UGC norms	As per UGC norms

How To Apply

- Go through the prospectus and then select the course of your choice.
- Fill up the admission form carefully.
- Attach copies of all certificates and mark sheets.

Send the completed admission form along with four stamp size photographs and demand draft of the first installment fees to the address mentioned above. Candidates are advised to pay only by demand draft in the name of “CMJ University” and write their names at the back side of the demand draft.

Career Advisory Services

A Career Advisory Service is being formulated which will act as an intermediary between the corporate world and the University. It will guide students for their choice of career and give them access to employers by generating opportunities of placement.

The career advisory service will help students in

- Writing resumes, covering letters and application forms
- Exploring career and study options
- Preparing for interviews
- Finding jobs
- Providing career information
- Providing projects and assignments
- Providing placement opportunities

You can talk to career coaches about anything to do with learning and work.

You might like to discuss how to:

- Change career from a sideways move to complete career change.
- Look for jobs-from finding unadvertised vacancies to improving your interview skills.
- Create a CV-putting together a CV from scratch or improving your existing one.
- Choose the right course for you, leveraging your qualification and which study method to employ.
- Identify your strengths including transferable skills.
- Return to Work if you have been out of the workplace for a while.
- Develop skills to get promoted or move into a different job, via a course or voluntary work.

To the Students

Our careers coaches are qualified to advise you on all work and learning opportunities. Even if you have not formed any firm ideas yet, our coaches can help you start planning your future. A career coach won't tell you what to do, they will work with you to help decide on the best way forward for you. A career advice interview can help you generate ideas, focus on what's important to you and look at your situation in a different way. It is not like a test or a job interview; it is a friendly and relaxed chat to look at your options.

Endorsing Social Positives

Corporate Social Responsibility is deeply rooted in the mission of CMJ University. Call it good social responsibility or simply gearing the staff and students for a better role in the society. It stems from a realization that we are all part of the local, national or global community and how we affect the society will ultimately affect the way we live. CMJ University emphasizes on the importance of going green. We endorse the use of eco-friendly products in our campus and offices. We are also educating our employees to minimally use paper and use paperless technology such as emails and office management software.

The University is also planning and formulating short term courses for community Development Programs (CPD).

Admission Policies

Admissions are held twice in a year. Every year, i.e January to December & July to June. Prospectus and applications can also be obtained from the University recognized Information Centers or downloaded from our website www.cmjuniversitymeghalaya.edu.in

Application Form has to be filled in by the candidate's own hand writing in English. All the supporting documents as per counselling note should be enclosed along with the Application Form and documents must be attested by a Notary Public or by the Head of the Institution last attended.

Every registered student gets a permanent University Registration Number mentioned in the Identity card and in all type of correspondence between the student and the University.

Provisional admission will automatically stand canceled and the student will cease to be on-rolls in case these documents are not submitted by due date. Such students will not be permitted to appear for the University examinations. No communication will be provided in this regard. Fee paid is neither refundable nor adjustable under any circumstances.

Re-Admission

CMJ University offers you the great opportunity to transfer 50% of course of its programs. Students who does not complete their course or discontinues without registering for one or more semesters/years are eligible for re-admission in the consequent year.

All Fee including Tuition Fee, Registration Fee, University Development Fund, Application Processing Fee and Examination Fee to be paid by demand draft in favor of “CMJ University” only. CMJ University will not be held responsible/accountable for any fee paid by cash or in other favor. Any such actions undertaken by a candidate will be purely on his/her own risk and responsibility.

The validity of Student Admission for integrated courses will be first six years and for other courses Student Admission will be valid for first five years. If all the examinations are not cleared within the stipulated period, new registration will be required in order to continue as student in the University.

Examination Policies

Evaluation of the performance of learners is one of the important components of any teaching-learning system. The university evaluates the performance of its learners through Assignments, Project works, Practical and Term End Examinations.

All theoretical papers are of 100 marks. Out of this 30 marks are allocated for internal evaluation based on the progress made by the students. This evaluation is done on the basis of the assignment of around 50 pages prepared by them on particular topic based on all the subjects studied by them. The Term End Examination will be for the remaining 70 marks to be conducted at selected examination centers.

The Project Report/ Dissertation/ Master Thesis is to be submitted on the topic approved by the University. The Project Report/ Dissertation/ Master Thesis is to be prepared under the supervision of Guide having expert knowledge of the topic selected by the students. If no Guide is locally available, permission may be granted to go ahead without a Guide. The Project Report/ Dissertation/ Master Thesis in five copies (around 200 pages in A-4 size paper) along with a CD containing the entire Project Report/ Dissertation/ Master Thesis must be submitted by the students two months before the final term and examinations.

The results will be declared within 60 working days after the examination. A student should secure at least 40% aggregate marks to pass Term End Examination. Again, this may vary from program to program. Hence, students are advised to refer to the program regulation issued to them at the time of admission.

The examination mode of CMJ University's Programs depend upon the enrolled student in which mode he/she wants to appear for their exams. The University conducts exams in both Online and Paper pencil mode.

Those admitted in January session (Spring Session) are eligible to appear in December examination. Those who are not able to clear the examination in time may appear in the next examination. Those admitted in July Session (Fall Session) are eligible to appear in the next June examination. Those who are not able to clear the examination in time may appear in the next examination.

The exact schedule for Term End examination will be published on the website prior to the commencement of the exam.

Refund Policy

The amount once paid is not refundable under any circumstances excepts in the case of rejected applications. If the applicants do not fulfill the eligibility criteria, the application will be returned to them along with all enclosures and the fee paid after deducting Rs. 1,000/-.

Rights to Amend Rules

The University reserves the right to amend its rules and regulations wherever considered necessary and appropriate without any prior notice. Such amendments will be intimated to the students through the website www.cmjuniversitymeghalaya.edu.in. Therefore, this publication and the descriptions contained herein are not to be construed as a contract binding the University to any specific policies. The students are advised to go through the website frequently where all circulars and important information will be hosted from time to time. Promulgation of any such information on the website in the form of circulars/ notices is considered to be adequate.

Hostel

University has separate Boys & Girls Hostel. Hostel fee can be paid yearly/ half yearly at admission time. They would get the following food/meal facilities:

- Morning Tea
- Breakfast
- Lunch
- Evening high tea/snacks
- Dinner

In a week three days will be non-veg meal. Rules and regulation will be followed by all the students. Students are not allowed to leave the hostel without written permission of the hostel warden or recommendation of their guardian/local guardian. Hostel fee once paid will not be refundable. Seat will be available as per 1st come 1st service. Hostel in charge/ Superintendent will be final authority for hostel discipline. Per year hostel fee payment will be Rs 48000/-per Annum. Separate rules & regulations will be for hostel as approved by University. Student will maintain discipline in campus/hostel as per University rules.
